

[Interaction Diary Form-
Valerie Jin](#)

Date	Time	Interaction	Device	Browser	How it Felt	Success	Points of Friction	Rate	How it Could Be Better
2025-10-14	11:00:00	Opened my Assignment page.	iMac	Google Chrome	Happy. It loaded fast and looked clean.	Yes	The layout is simple and clear, easy to find each assignment.	5	
2025-10-14	11:30:00	Clicked on Assignment 1 link.	iMac	Google Chrome	Worked fine	Yes	The page functions well, but the style was too simple.	4	Change the font and style.
2025-10-14	12:00:00	Clicked on Assignment 2 link.	iMac	Safari	Too much colors	Yes	The bright background color made the text a bit hard to read.	4	I used bright colors just to explore CSS, but next time I'll try softer tones for better readability.
2025-10-14	13:00:00	Checked the website on my phone.	iPhone	Safari	Hard to read, everything was small.	Partly	The text looked small and the layout didn't fit perfectly.	3	I need to learn how to make it more mobile-friendly.
2025-10-14	15:30:00	Clicked on Assignment 3 link.	Macbook	Safari	Good overall.	Yes	Figma link worked fine, but very slow.	5	
2025-10-14	17:20:00	Showed the whole website to my friend.	Laptop	Google Chrome	They said it looks clean and simple.	Yes	They also mentioned the bright colors could be softer for easier reading.	4	Color choices and text layout can be improved, it would be easier to read and use.
2025-10-14	23:00:00	Reviewed all pages again at night.	iMac	Google Chrome	Satisfied overall	Yes	The design feels a bit bright at night, a softer background could help.	5
